

Dunnellon, Florida

First Assembly Of God Church

H-I-M Ministry

Yo Brothers and Sisters, I'm excited to be writing this because we now have another spoke in God's wheel! Our chapter just got up and rolling early this summer and what a ride it has been! You see, when you pull into a Wal-Mart and there are more handicap parking spaces than regular spaces, or when at 60 years old and you walk into a busy restaurant and you're

20 years the junior of anyone in the place including the waitress and cook, there is a good chance you're in the Sunshine State!

Huustin and me kicked around for a couple years down here in the Snowbird Reserve going to different churches trying to find one that didn't call 911 when they heard us pullin' in on our bikes.

About a year ago, a friend of Huustin's turned us on to First Assembly of God in Dunnellon, and of all things, they were looking to get a motorcycle ministry going, we didn't know it at the though.

But at least no one fainted when we walked in sportin' our Sunday best doo-rags, vests and chaps and hey, the preachin' was pretty good and they had an alter call!

After about a year of reporting back to Pastor Mark once a week about what the church was preaching Pastor Mark told me to lay it on 'em. To my surprise the Senior Pastor, Pastor Joseph asked "what took so long? We've been praying for a motorcycle ministry!" So after some talk and some schedule shuffling, Pastor Joseph appointed the then youth Pastor, Pastor Ron as the H-I-M Pastor and what a great guy! It took Pastor Ron some time to get the first Change Class going but in God's time Pastor Ron got twelve people together. Some have bikes they can ride, some have bikes in boxes, some have bikes in their garages, but can't

ride because of knee replacements and bad backs, but that's ok they all have a passion for motorcycles and love God. I'm proud of them all!

To get things officially going, Pastor Mark and Billy P. came down and we welcomed them to our doublewide ...now folks I'm pretty sure that it was God's doing to put those two together at one time in our doublewide just to make sure I was serious about the ministry! Pastor Mark and Billy P. both spoke at church that Sunday and were welcomed with open arms and a new H-I-M chapter was born.

We do have one advantage over our northern Brothers and Sisters though...12 MONTHS OF RIDIN' ... get a chance, come on down ...love to have ya, plenty of room in the doublewide!

Your Brother and Sister in Christ,
Freddy Freedom and Huustin
